## About Me:

I'm a graduate Games Programming student currently looking for work. From my course, I have learnt a lot about creating video games & how to effectively work with and lead a team of game developers. In my projects, I believe I have become both a competent programmer and a successful leader. I hope I can use these skills and learn more in my future career in order to assist in creating fun and satisfying games.

## Skills:

- Engines: Unity and Unreal 4
- Programming Languages: C#, C++, Python
- GitHub
- Experience in working and leading teams
- Eagerness to learn
- Creative problem-solving

## Education

### **University of Gloucestershire (2020-2024) – BSc(Hons) Games Programming**

Modules have included: C# in Unity, C++ in Unreal 4, Team Projects in Unity and Unreal such as a Local Multiplayer Party Game and my Final Year Group Project, where I formed a team to create the soon-to-be released game, "BYLE".

## Employment:

### **Bar Attendant/Waiter, The Dalston Bridge End Inn, Dalston (June – September 2021)**

- Interacting and serving customers, ensuring a satisfactory and enjoyable dining experience
- Working alongside other staff to ensure food is delivered safely and quickly
- Restocking bar inventory
- Preparing drinks and cocktails
- Responsible for the cleanliness and safety of the premises and customers
- Maintained health and safety to meet food hygiene standards

### **Cheesemaker's Aide, Thornby Moor Dairy, Crofton Hall, Thursby (Nov 2016 – May 2020)**

- Trained in Level 2 – Food Safety and Hygiene for Manufacturing
- Maintained cheese through management of moisture, temperature and salt levels
- Worked effectively both alone and in a team
- Trained new staff, undertaking a leadership role
- Ensuring the premises is hygienic, working with a variety of chemicals safely
- Moving both stock and facilities around safely, alone or with a team
- Helping out with odd jobs such as packing delivery van, serving customers and painting
- Assisted the cheese making process
